Javascript Libraries & Plug-ins

Javascript libraries give you superpowers

- Mostly free and open-source
- Easy to install

- Add UI controls (galleries, popups, autocomplete)
- Special effects (parallax, fill screen, text effects)
- Create visualizations

UI controls

- [nanogallery](#)
- [Tooltipster](#)
- [unslider](#)

Special effects

- Windows
- FitText
- ScrollPath

Visualizations

- d3js

Demo: let's install a plug-in!
